CIEH Level 2 Award in Principles of Risk Assessment – 1 day

The WATA route to success

The CIEH Level 2 Award in Principles of Risk Assessment is a new CIEH qualification designed to help improve the workplace culture for occupational health and safety.

The main purpose is to enable delegates to understand the basic principles of risk assessment. This qualification will therefore give all employees the ability to contribute to the process and to protect their own health and safety and that of others.

CIEH now require all delegates to provide photo ID (eg. passport, driving licence, work pass) in order to sit the exam. Delegates who do not produce photo ID will not be allowed to sit the exam.

What does the course cover?

The course will cover the main causes of accidents and ill health, the legal requirement for risk assessment and the key steps to risk assessment.

Who is the course suitable for?

The course is suitable for all employees.

Delegates will receive a Level 2 Certificate from The Chartered Institute of Environmental Health (CIEH) on successful completion of a multi-choice question paper.

This course replaces the Introduction to Risk Assessment course.
