CIEH Principles of COSHH – 1 Day

The WATA route to success

The CIEH (Chartered Institute of Environmental Health) Principles of COSHH is a stand-alone level 2 qualification which complements the CIEH Health and Safety programme. It is aimed at those who use substance hazardous to health at work and introduces students to the hazards associated with those substances, the risks and controls available and what to expect from a COSHH Assessment.

Successful completion will prepare students to look carefully at their own work activities and contribute to the safer use of hazardous substances in co-operation with their managers and supervisors. While this unit of study can be delivered as a stand-alone qualification and there are no specific pre-requisites, it is strongly recommended that students should already hold the CIEH Level 2 Award in Health and Safety in the Workplace.

This course is assessed by a short objective test of multi-choice questions.

CIEH now require all delegates to provide photo ID (eg. passport, driving licence, work pass) in order to sit the exam. Delegates who do not produce photo ID will not be allowed to sit the exam.

What does the course cover?

- Definition and types of substances hazardous to health in the workplace
- Health effects of hazardous substances and their causes
- COSHH assessments and control options
- Responsibilities imposed by the Control of Substances Hazardous to Health Regulations

Who is the course suitable for?

Course Dates

2011: 7 Sep; 30 Nov

2012: 23 Jan; 11 Apr; 25 Jun; 19 Oct

Course Fees: £225 + VAT per delegate

Including CIEH fees, lunch, refreshments and course handouts

In-company courses by arrangement.

Duration:

1 day (9:15 am to 4:30 pm approximately - please arrive 15 minutes before the course is due to commence)

We provide training in a relaxed atmosphere at our training centre which is located in Huntingdon, Cambridgeshire
