

WATA Knows... and you can too!

## Health and Safety Courses

### CITB Site Management Safety Training Scheme (SMSTS) Refresher – 2 Days

#### The WATA route to success

This course is designed for those who currently hold the Site Management Safety Training Scheme Certificate and now wish to update their skills and knowledge in line with current legislation and require to renew their CITB 5 day Site Management Training Certificate.

This course will ensure that delegates are up to date with current health and safety issues, to include the latest legislation and best practice.

#### What does the course cover?

The course covers The Health & Safety at Work Act and the regulations relevant to the construction industry, to include:

- HASAWA Update
- CDM Regulations
- New Regulations
- Latest HSE initiatives
- CDM Update
- Latest HSE Guidance
- Recent changes in accepted working practices

Successful delegates will receive the Site Safety Plus Construction Site Managers Certificate accredited by the CITB.

#### Who is the course suitable for?

An ideal course for delegates to update their skills and knowledge in line with current legislation and are required to renew their CITB 5 day Site Management Training Certificate.
