Health and Safety Courses

CITB Site Supervisors' Safety Training Scheme (SSSTS) – 2 Days

The WATA route to success

This course is for first line managers, those who have or are about to acquire supervisory responsibilities. The aim and objective of this course is to ensure that all those given supervisory responsibilities understand the following:

Why they are carrying out their identified duties and

- What is expected of them and
- To ensure that they have contributed to the safety of the workplace

What does the course cover?

The course covers The Health and Safety at Work Act and the regulations relevant to the construction industry to include:

- Health and Safety Law
- Developing a Health and Safety Management System
- Occupational Health
- Fire Prevention and Control
- Risk Assessment and Method Statements
- Hazardous Substances
- CDM Regulations
- Working at Height
- Personal Protective Equipment
- Manual Handling
- Accidents and First Aid

Upon successful completion of the course delegates will receive the Site Safety Plus Construction Site Supervisors Safety Certificate accredited by the CITB.

Who is the course suitable for? This course is ideal for first line managers and those who have or are about to acquire supervisory responsibilities.
