

WATA Knows... and you can too!

Health and Safety Courses

Fire Basic Practical – Half Day

The WATA route to success

This is a basic fire-fighting, fire procedure and prevention course embracing the minimum requirements of an employer under the Health and Safety at Work Act and/or the Fire Precautions Act.

As the majority of fires are caused by human error, either directly or indirectly, ignorance is often the culprit.

Teaching the basic elements of fire prevention will inevitably prove cost effective in the long term.

What does the course cover?

- Fire Prevention
- Raising the alarm of fire
- Means of escape
- Evacuation procedure
- Demonstration and practical use of hand operated fire-fighting equipment under controlled conditions outside the premises. **PLEASE NOTE DELEGATES SHOULD BRING SUITABLE CLOTHING AND FOOTWEAR FOR THE PRACTICAL SESSION.**

Who is the course suitable for?

Course Dates

2011: 3 Oct; 28 Nov

2012: 7 Feb; 20 Apr; 15 Jun; 3 Sep;
2 Nov
