Health and Safety Courses

IOSH Managing Safely – 4 Days (New Syllabus)

The WATA route to success

Managing Safely is a course for managers and supervisors in any sector and any organisation. It's designed to give managers all they need to know to help them handle health and safety issues and includes a session covering the environment.

What does the course cover?

- Introducing Managing Safely
- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards
- Investigating accidents and incident
- Measuring performance
- Protecting our environment

On successful completion of a project based on the workplace and a written assessment delegates will receive an IOSH Certificate. The certificate is valid for 3 years.

Who is the course suitable for?

Managers, Supervisors or persons responsible for the development and implementation of safety management procedures and policies.
