

WATA Knows... and you can too!

## Health and Safety Courses

### NEBOSH National Diploma in Environmental Management 15 days plus examination

#### Course Outline

This three week course is designed for safety practitioners who wish to extend their role into environmental management. Key concepts in environmental science and legal aspects of the environment are examined and environmental management systems are considered, along with the tools and methodologies used by the environmental manager. The course also provides an overview of environmental control technologies.

#### What does the course cover?

- UK Environmental Law
- Environmental Science
- Hazard Assessment and Monitoring
- Risk Assessment and Management Systems
- Assessment of Environmental Effects and Control Methods
- Practical Assignment

Assessment is by written examination and Practical Environmental project, which must be submitted by the end of the month in which the exam is held.

#### Who is the course suitable for?

Candidates with some previous experience of health and safety, in particular the legislation. Contact WATA to find out more.

#### Course Fee: £2950 + VAT per delegate

Fee includes NEBOSH registration and examination fees plus lunches, refreshments and course handouts.

#### Course Duration:

15 days plus examination  
In-company courses by arrangement.

Reasonable adjustments can be requested from NEBOSH where candidates can demonstrate either permanent, long term or temporary disability or learning difficulty. Please contact our Health & Safety Admin Team to discuss your needs for the exam and training in confidence before the course commences.
